DAFTAR GRAFIK ............................................................................................................. xix
DAFTAR GAMBAR .......................................................................................................... xx
DAFTAR LAMPIRAN ........................................................................................................ xxi
BAB I PENDAHULUAN .................................................................................................. 1
A. Latar Belakang Masalah ............................................................................................... 1
B. Identifikasi Masalah ..................................................................................................... 13
C. Batasan dan Rumusan Masalah .................................................................................. 14
D. Tujuan Penelitian ....................................................................................................... 16
E. Manfaat Penelitian ..................................................................................................... 17
BAB II KAJIAN TEORETIS ............................................................................................. 19
A. Implementasi Kurikulum ................................................................. 19
  1. Pengembangan Kurikulum 2013 ..................................................... 19
  2. Manajemen Implementasi .............................................................. 20
  3. Evaluasi Kurikulum ........................................................................ 21
  4. Strategi Implementasi Kurikulum ..................................................... 21
  5. Karakteristik Kurikulum ................................................................... 22
B. Belajar dan Pembelajaran .................................................................... 24
  1. Definisi Belajar dan Pembelajaran ................................................... 24
  2. Karakteristik Belajar dan Pembelajaran ............................................ 25
  3. Tujuan Belajar dan Pembelajaran .................................................... 27
C. Hakikat Pembelajaran Tematik ............................................................ 28
  1. Tujuan Pembelajaran Tematik .......................................................... 28
  2. Karakteristik Pembelajaran Tematik ............................................... 29
  3. Kelebihan dan Kekurangan atau Keterbatasan Pembelajaran Tematik .... 30
  4. Langkah-langkah Pembelajaran Tematik ........................................... 31
  5. Landasan Pembelajaran Tematik ...................................................... 32
D. Karakteristik Peserta Didik ................................................................. 33
E. Model Pembelajaran Project Based Learning ....................................... 36
  1. Hakikat Model Pembelajaran Project Based Learning .................... 36
  2. Karakteristik Model Project Based Learning ..................................... 37
  3. Langkah-langkah Model Project Based Learning ............................. 39
  4. Kelebihan dan Kelemahan Model Project Based Learning ............... 41
F. Sikap Peduli .......................................................................................... 44
  1. Pengertian Sikap peduli .................................................................. 44
  2. Faktor-faktor yang mempengaruhi Sikap Peduli ............................. 45
3. Upaya Guru untuk Meningkatkan Sikap Peduli ........................................ 48

G. Sikap Toleransi ............................................................................................. 48

1. Pengertian Toleransi .................................................................................. 48
2. Kajian tentang Penanaman Sikap Toleransi ............................................. 49
3. Indikator Toleransi ..................................................................................... 52
4. Prinsip dalam Mengembangkan Sikap Toleransi ...................................... 52

H. Hakikat Hasil Belajar .................................................................................. 53

1. Pengertian Hasil Belajar ............................................................................ 53
2. Faktor yang mempengaruhi Hasil Belajar ............................................... 54
3. Indikator Hasil Belajar .............................................................................. 56

I. Teori Konstruktivistik .................................................................................. 57

1. Pembelajaran Menurut Teori Konstruktivistik ......................................... 57
2. Tujuan dan Karakteristik Teori Konstruktivistik ...................................... 58
3. Kelebihan dan Kekurangan Teori Konstruktivistik .................................... 59
4. Implikasi Konstruktivistik dalam Pembelajaran ...................................... 61

J. Analisis dan Pengembangan Metode Pembelajaran ................................... 62

1. Keluasan dan Kedalaman Materi ................................................................. 62
2. Karakteristik Materi .................................................................................. 63
3. Bahan dan Media Pembelajaran ................................................................. 75
   a. Pengertian Bahan dan Media Pembelajaran .......................................... 75
   b. Dasar Pertimbangan Memilih Media ..................................................... 77
   c. Media yang Digunakan ........................................................................... 74

4. Sistem Evaluasi Pembelajaran .................................................................. 78
   a. Pengertian Evaluasi ............................................................................... 78
   b. Tujuan Evaluasi ................................................................................... 79
c. Fungsi Evaluasi ................................................................. 79
d. Alat Evaluasi ................................................................. 79

K. Hasil Penelitian Terdahulu ........................................ 80

L. Kerangka Pemikiran ...................................................... 82

M. Asumsi dan Hipotesis Tindakan .................................... 84
   1. Asumsi ........................................................................ 84
   2. Hipotesis ..................................................................... 84

BAB III METODE PENELITIAN ......................................... 86

A. Metode Penelitian ........................................................ 86

B. Setting Penelitian .......................................................... 92
   1. Tempat Penelitian ...................................................... 92
   2. Waktu Penelitian ....................................................... 92
   3. Siklus Penelitian ......................................................... 93

C. Subjek dan Objek Penelitian .......................................... 94
   1. Subjek Penelitian ....................................................... 94
   2. Objek Penelitian ......................................................... 94

D. Metode Penelitian ........................................................ 95
   1. Variabel Input .......................................................... 95
   2. Variabel Proses .......................................................... 95
   3. Variabel Output .......................................................... 95

E. Rencana Tindakan .......................................................... 96
   1. Observasi Awal .......................................................... 96
   2. Prosedur Pelaksanaan Tindakan .................................. 96
a. Perencanaan *(Planning)* .................................................................................. 97
b. Tindakan *(Action)* .......................................................................................... 98
c. Pengamatan *(Observation)* .......................................................................... 98
d. Refleksi *(Reflection)* .................................................................................... 100

F. Data dan Cara Pengumpulannya .................................................................... 101

1. Sumber Data dan Jenis Data ............................................................................. 101
   a. Data Kuantitatif ............................................................................................. 102
   b. Data Kualitatif ............................................................................................... 103

2. Proses Pengumpulan Data ............................................................................... 104
   a. Observasi ........................................................................................................ 104
   b. Catatan Lapangan ............................................................................................ 105
   c. Analisis/Telaah ............................................................................................... 106
   d. Tes .................................................................................................................... 106
   e. Dokumentasi ................................................................................................... 107

G. Pengembangan Instrumen Penelitian .............................................................. 107

1. Rencana Pelaksanaan Pembelajaran ................................................................. 108
2. Lembar Sikap Peduli dan Toleransi ................................................................. 108
3. Lembar Keterampilan Siswa ............................................................................. 109
4. Tes Hasil Belajar ............................................................................................... 109

H. Rancangan Analisis Data .................................................................................. 110

1. Data Kualitatif ................................................................................................... 110
2. Data Kuantitatif ................................................................................................ 111
   a. Menganalisis Lembar Observasi RPP ......................................................... 111
   b. Menganalisis Lembar Observasi Kegiatan Guru dan Siswa ............ 112
   c. Lembar Observasi Sikap Peduli dan Toleransi .................................... 112
   d. Menganalisis Lembar Observasi Keterampilan ................................. 115
e. Menganalisis Hasil Belajar (Tes) ................................................. 117

I. Indikator Keberhasilan ............................................................................. 119

1. Rencana Pelaksanaan Pembelajaran ...................................................... 120
2. Pelaksanaan Pembelajaran .................................................................... 120
3. Sikap Peduli dan Toleransi .................................................................... 120
4. Keterampilan Siswa ............................................................................... 120
5. Hasil Belajar ........................................................................................... 120

BAB IV HASIL PENELITIAN DAN PEMBAHASAN .............................. 121

A. Deskripsi Hasil dan Temuan Penelitian .................................................. 121

1. Deskripsi Hasil Tindakan Siklus I ............................................................ 121
   a. Perencanaan Tindakan Siklus I .......................................................... 117
   b. Pelaksanaan Tindakan Siklus I .......................................................... 123
   c. Observasi Tindakan Siklus I ............................................................... 135
   d. Refleksi Siklus I ................................................................................ 158

2. Deskripsi Hasil Tindakan Siklus II .......................................................... 159
   a. Perencanaan Tindakan Siklus II ......................................................... 159
   b. Pelaksanaan Tindakan Siklus II ......................................................... 160
   c. Observasi Tindakan Siklus II ............................................................. 172
   d. Refleksi Siklus II .............................................................................. 195

B. Deskripsi Peningkatan Hasil Penelitian ...................................................... 196

1. Peningkatan Penilaian Pelaksanaan Pembelajaran (RPP) ....................... 196
2. Peningkatan Keterlaksanaan Model Project Based Learning .................... 198
3. Peningkatan Sikap Peduli Siswa ............................................................... 200
4. Peningkatan Sikap Toleransi Siswa ......................................................... 201
5. Peningkatan Hasil Keterampilan Siswa ..................................................... 204
6. Peningkatan Hasil Belajar Siswa................................................................. 206
C. Pembahasan Hasil Penelitian....................................................................... 208

1. Rencana Pelaksanaan Pembelajaran......................................................... 209
2. Pelaksanaan Pembelajaran........................................................................ 210
3. Sikap Peduli.............................................................................................. 211
4. Sikap Toleransi ........................................................................................ 212
5. Hasil Belajar Siswa.................................................................................... 213

BAB V KESIMPULAN DAN SARAN ......................................................... 214

A. Kesimpulan .............................................................................................. 214
B. Saran ........................................................................................................ 216
