LEMBAR PERNYATAAN

ABSTRAK ........................................................................................................................................ i

ABSTRACT ...................................................................................................................................... ii

KATA PENGANTAR ........................................................................................................ iii

DAFTAR ISI ......................................................................................................................... ix

BAB I. PENDAHULUAN ........................................................................................................ 1

A. Latar Belakang Penelitian .............................................................................................. 1
B. Identifikasi Masalah ...................................................................................................... 12
C. Tujuan Penelitian ...................................................................................................... 12
D. Kegunaan Penelitian .................................................................................................. 13
E. Kerangka Pemikiran ................................................................................................. 13
F. Metode Penelitian ..................................................................................................... 29

1. Spesifikasi Penelitian .............................................................................................. 29
2. Metode Pendekatan .................................................................................................. 31
3. Tahap Penelitian ....................................................................................................... 31
4. Teknik Pengumpul Data .......................................................................................... 33
5. Alat Pengumpul Data ............................................................................................... 34
6. Analisis Data ............................................................................................................. 35
7. Lokasi Penelitian ....................................................................................................... 35
8. Jadwal Penelitian ...................................................................................................... 37
BAB II. PERTANGGUNGJAWABAN PIDANA, LINGKUNGAN HIDUP DAN REKLAMASI

A. Pertanggungjawaban Pidana ................................................................................... 38
