

ABSTRACT

Rizki Fakhurur Rozi. (2018). Efforts of civics teacher in Improving Student Discipline in Schools Through Role Model Approach.

The heart of education lies in the role of a teacher who spearheads in a change that is expected to emerge a formidable generation for a nation and country. To transmit discipline to students, teachers should be the role models which can be imitated in every attitude and behavior, especially the civics teacher who is closely related to values, morals, and norms. They should be the example in shaping the discipline of students so that they will obey to the applicable regulations. The character of discipline is needed in efforts to train the independence and responsibility of students that will be useful for their successful in the future. The purpose of this research is to know and describe (1) awareness of students in complying with school rules in SMPN 1 Majalaya, (2) Civics teachers' efforts in improving student discipline in SMPN 1 Majalaya through role model approach, (3) obstacles for civics teacher in improving student discipline in SMPN 1 Majalaya through role model approach, (4) solution Civics teachers to overcome these obstacles in improving student discipline in SMPN 1 Majalaya through a role model approach.

The research method in this research use qualitative research method. Data collection techniques use observation, interviews, questionnaires, literature studies and documentation. Data analysis technique is descriptive analysis technique. Test data validity using data triangulation.

The results of this study indicate that (1) students' awareness in complying with the regulations at SMPN 1 Majalaya is well conditioned, but it needs to be improved because there are still some students who break school regulations; (2) exemplary attitude of the discipline of time, good words, well-dressed, good attitude, and smart and responsibility is an effort of Civics teacher in improving student discipline in school; (3) obstacles experienced by the Civics teacher is in the implementation requires a long process and the lack of student's own participation; (4) The solution will be planned by the Civic teacher is by conducting an evaluation each completed learning, applying the the role model which is not only doing by the Civics teacher, but also to all the studying teachers. They can also cooperate with the conseling teacher to give socialization as a form of training students for discipline.
