

ABSTRACT

Economic globalization intensity that higher had strengthen the existence of non-state actors in international relation. One of non-state actors who had important role in economic globalization framework was a Multi National Corporation (MNC). In neo-classical paradigm, the existence of MNC in host countries should be give a benefit for host countries. In fact, the existence of MNC often cause more negative impact than a positive impact for host countries, and create potential conflict between local peoples and corporation. PT. Freeport Indonesia (PTFI) was a one example of MNC that his existence in Papua land for many years had been create a horizontal conflict, even the existence of PTFI had been one of most central issued for separatist movement in Papua. Nevertheless, refer to developmentalism paradigm, MNC has a social responsibility to develop the area in which MNC operated his company. Refer to that assumption and condition, researcher bring this issue to be research issues: how far the contribution of PTFI CSR to community development in Mimika district.

The purpose of this research is to investigate, explore, and describe how is the implementation of PTFI CSR in Mimika district. This research also want to investigate how far the PCSR implementation for community development in Mimika district. Whereas the practice usefulness of this research is as an evaluation material for related parties, especially PTFI in determining an appropriate CSR implementation policy so that the effectiveness of the implementation of PTFI's CSR can be improved and able to encourage community development in Mimika Regency.

The method use in this research is analytic-descriptive, the method that used by revealed any issues in this research, processes, analysys, and investigate the primary and secondary data to built a conclusion and recommendation to understand the problem of this research.

The result of this research are: implementation of PTFI CSR consider to sustainable development principles that focused on community development. The implementation of PTFI's CSR covers 8 main areas, namely health, education, economics, basic infrastructure for the community, relations with the community, local institutions, culture and human rights. The implementation of PTFI's CSR is effective in the fields of health, economy, culture and basic community infrastructure. While in the fields of education, public relations, local institutions, and human rights, the implementation of PTFI's CSR was not effective. PTFI CSR implemented in Mimika district had a significance impact on education and health sector, meanwhile it's had not a significance impact on community economic development and environment sector.
