

ABSTRACT

THE ROLE OF KADERIZATION OF GOKAR PARTY YOUNG FORCE TO THE GOLKAR PARTY ELEKTABILITY

***(Descriptive Study of the Golkar Party's Young Generation in West
Bandung Regency)***

The practice of political party regeneration in Indonesia is still far from expectations, because of the failure many parties give birth to party cadres who are instant. The formulation of the problem in this study are (1) What about the regeneration program carried out by the Golkar Party's Young Generation of West Bandung Regency? (2) What are the obstacles for the regeneration of the Golkar Party's Young Generation in West Bandung Regency? (3) What are the efforts of the Golkar Party's Young Generation in West Bandung Regency to improve the quality of their cadres to meet the expectations of the community? The method in this study uses a qualitative case study approach. The data collection plan used was, Observation, Interview, and Documentation Study. The results showed that (1) The regeneration process carried out refers to the recruitment pattern of party members in accordance with the political system that has been regulated in the party's statutes / articles of association. The regeneration program has been running well, so the electability of the Golkar party will increase if it has quality cadres. (2) Obstacles when carrying out the regeneration program are shown in the absence of careful planning in detail. Educational background is very influential on the educational process of cadres. (3) The efforts of the Golkar Party's Young Generation in West Bandung Regency to improve the ability and appreciation of cadre participants by increasing motivation, militancy, dedication and cooperation of participant groups in order to play an optimal role in carrying out party tasks aimed at shaping the party's good image. Various references justify that political education can improve the abilities, skills and expertise of cadres. This means that cadres who participate in political education will get knowledge, skills, expertise and skills according to their field of work. The electability measure of the Golkar party was also seen from its cadres who had intellectual and sensitivity towards the people of West Bandung Regency.

Keywords: regeneration, electability and political parties.
