## **ABSTRACT**

*The purpose of this study was to find out how the teacher's personal competence towards social behavior of students at SMK Medikacom Bandung in class XI of accounting located at Jln. Soekarno-Hatta no.617 / 619, Sukapura, Kiaracondong ,, Kota Bandung, West Java. The method used in this study is a survey with a population of class XI accounting students with a total of 134 (one hundred and forty) people. Analysis of the data used in this study is a simple linear regression analysis through the calculation of the average score aided by the IBM SPSS Version 24 program. The results of this study indicate the recapitulation of the average score of respondents' statements regarding teacher personality competencies that is equal to 3.42 (68, 52%), and social behavior of students 4.98 (76.72%). Based on the analysis of the data that has been done, the research results obtained influence of teacher personality competency based on the calculation of the coefficient of determination with an R Square value of 0.617. this shows that the influence of the teacher's personal competence of 61.7% on social behavior of students and the other part of 38.7% is influenced by other factors not examined by researchers. The conclusion of the research hypothesis can be accepted, meaning that there is an influence between the variable X on the variable Y. As the end of the study the authors submit suggestions to: (1) For students, here the author only conveys a picture of how to behave properly when we are in the school environment, Behavioral Restrictions when we go to school. (2) For teachers, be an encouragement to the next generation of the nation because after all you lamp in this earth. (3) For Schools, jungjung continues the values of the Education motto namely Ing Ngarso Sung Tulodo (in front of giving examples), Ing Madyo Mangun Karso (in the middle of encouraging), and Tut Wuri Handayani (behind giving encouragement). (4) For Researchers Furthermore, do not be motivated by sources that have explored further about the material to be conveyed so that the paper that you present is more weighty and easier for future researchers.*
