ABSTRACT

Fables are literary works that depict animals that resemble humans, but the story is not included in the true story or what actually happened. Students are less able to understand the intrinsic elements of a fable, so there needs to be an analysis of a fable. In literature, Fable is inseparable from intrinsic elements. In the research entitled "Analysis of Intrinsic Elements of a Collection of Kejujuran and Anti Korupsi by Kartiwi Laras Pertiwi and Nunik Utami as Teaching Materials for Class VII Junior High Schools" aims to test the accuracy of intrinsic elements in Kartiwi's Fable of text Kejujuran and Anti Korupsi Laras Pertiwi and Nunik Utami with the demands of curriculum and teaching materials. Intrinsic element data includes: theme, character / characterization, setting, plot, point of view, and mandate. The method used is descriptive qualitative method. This study also uses a structuralism literary approach. The technique used The technique used is the literature study technique and documentation technique. The research source used is the primary data source, namely obtaining direct data sources from the research object, namely the Collection of Kejujuran and Anti Korupsi by Kartiwi Laras Pertiwi and Nunik Utami. (1) The intrinsic elements in the text collection of Kejujuran and Anti Korupsi are true. The suitability of the intrinsic element indicators with the demands of the curriculum is appropriate and also worthy of being used as teaching materials, (2) Teaching materials that have been made by the author and assessed by the validator are appropriate to be used as teaching materials for fable texts, but in choosing fable texts, it is necessary to pay attention to the language used.

Keywords: Fables, Intrinsic Elements, Teaching Materials.
