

**ANALYSIS OF TEXT STRUCTURE IN TEGUH AFANDI'S  
RESENTION COLLECTION AS AN ALTERNATIVE OF  
TEACHING MATERIALS FOR XI CLASS INDONESIAN  
SUBJECTION**

**ABSTRACT**

*A reviewer is a text review that contains an assessment of a work. As a reading material, the reviewer text cannot be separated from the structure of the constructing text. At this time the author raises the problem of how the text structure in the collection of reviews of Teguh Afandi's works becomes an alternative teaching material. For this reason, the authors are interested in conducting research to analyze the structure of the text in the collection of reviews by Teguh Afandi as an alternative to teaching materials for class XI Indonesian subjects. The following is the author proposes some focus problems (1) What are the results of the analysis of the text structure of Teguh Afandi's work ?; (2) What is the appropriateness of the structure of the review text of Teguh Afandi's work as an alternative to teaching materials for Indonesian language subjects in class XI; (3) How does the structure of the review text of Teguh Afandi match the demands of the 2013 curriculum? The method used in this research is descriptive qualitative. The data source used in this study is the text of the review by Teguh Afandi. The author uses documentation data analysis techniques, literature study and analysis. From the results of this study, it is found that (1) of the 25 review texts of Teguh Afandu's works that have been analyzed, there are 5 reviews that have a complete structure (title of review, book identity, introduction, content, strengths, weaknesses and closings); (2) The text structure teaching material module at the review of Teguh Afandi's work in Class XI SMA which was designed by the author and judged by expert validators was declared suitable for use as Indonesian language teaching materials in class XI SMA, with the criteria for content assessment score 76, content assessment 88 and language assessment 62.5. (3) The results of the text structure analysis in Teguh Afandi's reviews are in accordance with the demands of the curriculum and teaching materials in class XI SMA, because they contain KI and KD 3.16 about comparing the contents of various reviews to find a systematic review.*
