**ABSTRACT**

*This research is entitled Analisis Mimetik terhadap Nilai Sosial dan Budaya dalam Kumpulan Cerpen Janda Muda Karya Nh. Dini dan Kesesuaiannya sebagai Alternatif Bahan Ajar Siswa Kelas XI SMA.. This study uses descriptive qualitative research methods. While this study aims to form the character values of students, because character education has an important role in shaping the attitude of a student. In this study, the writer uses a mimetic approach. The mimetic approach is a literary approach that examines the relationship between a literary work and the realities of life that occur in everyday life. Aspects that are studied in this mimetic analysis are social and cultural values, which are contained in short stories, which later the results of this research will be used as alternative teaching materials. The collection of short stories used are short stories by Nh. Dini entitled Janda Muda. The writer uses the short story collection because the Janda Muda short story collection contains social and cultural values that can later be learned by students, because the short stories contain values that can add new insights for students. The writer hopes that this research can help teacher and students in the teaching and learning process, especially in Indonesian subjects, with short story teaching materials.*
