ABSTRACT

This study aims to analyze the sociology of literature in the short story Bidadari Itu Dibawa Jibril by KH Ahmad Mustofa Bisri and use this analysis as an alternative teaching material for students in class XI Senior High School in even semesters. This research uses descriptive qualitative research. Qualitative descriptive research is a research method that utilizes qualitative data and is described in detail. The source of data in this study is the short story Bidadari Itu Dibawa Jibril by KH Ahmad Mustofa Bisri and several other supporting books. The results of the analysis use predetermined steps, namely: (1) Social Analysis of the Structure of Literary Works, (2) Social Analysis of the Society Referred to by Literary Works, (3) Social Relations of Literary Works with Social Reality. Based on the results of the analysis, there are several social aspects regarding the problems of social life, among others, associations under the guise of recitations that have a negative impact, ease of spreading heretical teachings, and public beliefs that are not based on faith and logic. Based on the results of this study, the analysis of the sociology of literature in the short story Bidadari Itu Dibawa Jibril by KH Ahmad Mustofa Bisri can be applied as an alternative teaching material for literary appreciation because the story is in accordance with the social conditions of the community, making it easier for students to determine and develop stories in short stories.

Keywords: literary appreciation, short stories, sociological analysis of literature, teaching materials.
