Dear

Thank you for the team's efforts to make improvements to the article.
Based on the reviewers' considerations, the article has, at some point, increased.
However, the team has to improve on a few more points. Hopefully team are willing to do it.

Please follow the following revision instructions:

#Reviewer 2:

1. Expand the introduction to provide more context on the significance of e-Office service policies and their implications for the Regional Secretariat of Sumedang Regency. Additionally, include a clear research objective to guide readers through the study's purpose.
2. Provide more details about the data analysis process and the specific findings of the study. Utilize charts, graphs, or tables if applicable to present the results visually, enhancing the article's clarity.
3. Address the limitations of the research to acknowledge potential weaknesses and ensure transparency. Discuss how these limitations might have influenced the study's outcomes and offer suggestions for future research.
4. Include a section discussing the practical implications of the study's findings. How can the effective e-Office service policies benefit the Regional Secretariat of Sumedang Regency and other government entities? Provide actionable recommendations for policymakers and practitioners.
5. Strengthen the conclusion by summarizing the main points of the study and restating its significance. Avoid introducing new information in this section and emphasize how the research contributes to the existing body of knowledge.
