

ABSTRACT

THE EFFECT OF CONSUMPTION, PRODUCTION, INTERNATIONAL BEEF PRICE AND RUPIAH EXCHANGE RATE ON THE VOLUME OF BEEF IMPORTS IN INDONESIA, 1998-2022

This study aims to analyze and determine the effect of consumption, domestic beef production, international beef prices and the rupiah exchange rate on the volume of beef imports in Indonesia. This study uses secondary data of twenty five years. Then analyzed with multiple linear regression using Eviews

The results of this study indicate that consumption has no significant effect on the volume of beef imports, domestic production has a significant effect on the volume of beef imports in Indonesia, international beef prices and the rupiah exchange rate have a significant effect on the volume of beef imports in Indonesia.

Keywords: Consumption, Production, International Prices, Rupiah Exchange Rate, Beef Import Volume, Multiple Linear Regression, Secondary, Quantitative

ABSTRAK

PENGARUH KONSUMSI, PRODUKSI, HARGA DAGING SAPI DOMESTIK, HARGA DAGING SAPI INTERNATIONAL DAN NILAI TUKAR RUPIAH TERHADAP VOLUME IMPOR DAGING SAPI DI INDONESIA TAHUN 1998-2022

Penelitian ini bertujuan untuk menganalisis dan mengetahui pengaruh Konsumsi, Produksi daging sapi dalam negeri, Harga daging sapi International dan Nilai tukar rupiah terhadap Volume impor daging sapi di Indonesia. Penelitian ini menggunakan data sekunder dua puluh lima tahun. Kemudian dianalisis dengan regresi linier berganda menggunakan Eviews

Hasil penelitian ini menunjukkan bahwa Konsumsi tidak berpengaruh signifikan terhadap volume impor daging sapi, Produksi dalam negeri berpengaruh signifikan terhadap volume impor daging sapi di Indonesia, Harga daging sapi International dan Nilai tukar rupiah berpengaruh signifikan terhadap volume impor daging sapi di Indonesia.

Kata Kunci : Konsumsi, Produksi, Harga international, Nilai Tukar rupiah, Volume impor daging sapi, Regresi Linier Berganda, Sekunder, Kuantitatif
