

Curriculum Vitae

Bunga Putri Zhakina as known as Kina, was born on November 24, 1998, in Batam, Kepulauan Riau. I'm an only child in my family. I'm married and I have a child. I graduated from Senior High School 4 at Batam and continued my study at Pasundan University majoring in English Literature 2018. I did an internship at Dinas Pariwisata & Kebudayaan West Java Provincial in 2020. At that time, it was Covid-19 so, I only had an internship for a few months. After I finished the proposal seminar, I returned home to Batam and got married. I almost didn't continue my studies because of economic constraints and at that time, I was also pregnant. I always help my mother work at home if she brings work from office to do at home. I have English speaking skill and I can use computer as well such as Microsoft Word, Microsoft Excel and Microsoft Power Point. After completing my education, I want to continue looking for work in Batam. While looking for work, I will also take Public Speaking class and Mandarin class. I hope I can be better and can build my self confidence even better.
