Education Pasundan University*

**ABSTRACT**

*In the midst of the dynamics of globalization and the complexity of modern society, the Hajat Lembur tradition struggles to maintain its function as a glue of unity. This study aims to identify how the value of Indonesian unity is reflected and maintained through the Hajat Lembur tradition amidst changes in the behavioral patterns of contemporary society. Using a qualitative approach with a qualitative descriptive method. Data were collected through interviews, observations and documentation in Cisondari Village. The results of the study indicate that Hajat Lembur still plays a significant role in strengthening social solidarity and mutual cooperation, despite shifts in the form of participation. It is concluded that the value of Unity in the Hajat Lembur tradition remains relevant as a foundation for maintaining social cohesion amidst the flow of modernization, but requires adaptation and revitalization efforts to remain sustainable.*
