

ABSTRACT

Ditania Febrianti (2026), Analysis of Pancasila Education Teachers' Efforts in Preventing Bullying through Strengthening Tolerance Character in the Society 5.0 (A Descriptive Study at SMK Pekerjaan Umum Negeri Bandung).

Bullying in the school environment remains a serious problem, especially in the form of verbal bullying such as mocking, insulting, and social exclusion among students. Technological developments in the society 5.0 era also influence students' social behavior, therefore strengthening tolerance character through Pancasila Education is necessary. This study aims to analyze the efforts of Pancasila Education teachers in preventing bullying through strengthening tolerance character at SMK Pekerjaan Umum Negeri Bandung. This study includes teachers' strategies, obstacles faced, and solutions in building students' behavior to respect and appreciate one another. This study used a qualitative approach with a descriptive method. Data collection techniques were carried out through observation, interviews, and documentation involving Pancasila Education teachers, counseling teachers, and students as research subjects. The results showed that Pancasila Education teachers play an important role in preventing bullying through instilling tolerance values, habituating mutual respect, providing role models, and supervising students' behavior both at school and on social media. Teachers also collaborate with counseling teachers and school authorities in creating a safe, inclusive, and conducive learning environment so that students become more caring toward their peers and verbal bullying gradually decreases. Students show changes in attitudes by respecting differences more and building better social relationships within the school environment. Strengthening tolerance character through Pancasila Education also helps students understand the importance of empathy, cooperation, and responsibility in daily life. Based on the results of the study, it can be concluded that strengthening tolerance character through Pancasila Education is an effective effort in shaping students who are moral, respectful of differences, and able to use technology wisely in the society 5.0 era.
